Action Items

Course Approvals

PREV_SCI 513: Research Methods in Prevention Science – [Johnson & Frickle]
Introduction to the process of research and methods in prevention science; techniques of research, data collection, and data analysis.

PREV_SCI 511: Introduction to Prevention Science – [Marsh & Chandra]
Disciplinary roots; the epidemiological approach to risk and prevention; design, implementation, and dissemination of preventative interventions.

PREV_SCI 540: Effective Prevention Strategies II – [Johnson & Daratha]
Disciplinary roots; the epidemiological approach to risk and prevention; design, implementation, and dissemination of preventive interventions.

NURS_511: Advanced Nursing Practice - [Marsh & Salsbury]
Advanced nursing and interprofessional practice competencies necessary to reduce health disparities and improve health outcomes for individuals, families, communities, populations.

NURS_512: Practicum in Interprofessional Collaboration- [Marsh & Frickle]
Synthesis and application of advanced nursing and interprofessional competencies to improve health and reduce health disparities.

NURS_553: Practicum in Organizational Systems and Leadership - [Marsh & Joireman]
Integration of principal dimensions of healthcare; quality improvement and measurement for nurse leaders in a constantly changing health care environment.

NURS_558: Practice Transformation Project I: Program and Data Collection- [Heo & Sawyer]
Development of program design plan and collection of data for the DNP Practice Transformation Project.

NURS_559: Practice Transformation Project II: Implementation, Evaluation and Dissemination- [Sawyer & Johnson]
Implementation and evaluation of the DNP Practice Transformation Project.

NURS_570: Clinical Decision- Making- [Daratha & Clark]
Developing differential diagnoses and treatment plans based on systematic collection, organization, analysis and communication of data.

COUN_PSY 520: Substance Abuse Counseling and Interventions – [Goodstein & Salsbury]
This course is designed to educate students about substance abuse issues, theory, and counseling techniques and interventions.

TCH_LRN 586: Seminar in Language, Literacy, and Technology – [Salsbury & Frickle]
Tools for professional development in the areas of research, teaching, and services.
CROP_SCI_555: Epigenetics in Plants – [Goodstein & Clark]
Understanding principles of epigenetics in plants with a focus on its role in understanding and improving plant genomes and their adaptation to changing environments.

EE_522: High Voltage Engineering – [Yoder & Heo]
High voltage engineering concepts and techniques that facilitate design, research, and development of modern electrical power apparatus and interconnected components.

EE CPT S 539: Cyber-Infrastructures for the Smart Electric Grid – [Chandra & Clark]
Smart electric grid, communication networks, distributed computing, fault tolerant computing, cyber security, analyzing independencies between the smart grid components, smart grid standards and protocols.

INTERDIS 598: Interdisciplinary Seminar – [Chandra & Johnson]
Assists IIDP students in the preparation for their program proposal which serves as the qualifying exam for continuation in the IIDP.

PLP 525: Field Plant Pathology and Mycology- [Chandra & Clark]
Learn diverse diseases, disease diagnosis and management in fields, orchards, nurseries, etc.; interact directly with diverse agricultural stakeholders.

MATH 532: Advanced Mathematical Thinking- [Sawyer & Johnson]
Current theories about how humans learn to think mathematically at the advanced level

PSYCH_505: Teaching Introductory Psychology- [Vyhnane & Goodstein]
Techniques and best practices for teaching introductory psychology.

SpMgt_579: Sport Media and Communication- [Salsbury & Frickle]
Explores and critically examines the role of media and communication in contemporary sports and society.

TCH_LRN 511: Theoretical foundations of Education Research- [Vyhnane & Goodstein]
Identification and use of theoretical components to guide and explain education research.

Programs & Certificates
English: New Graduate Certificate in Digital Humanities and Culture - [Heo & Frickle]

Bylaws; Policies & Procedures
[High Priority] - Graduate School Policies and Procedures - [Yoder & Joireman]
[High Priority] - Policies and Procedures Related to the Nursing Proposals, Ch. 13 – [Yoder & Vyhnane]
Pharmaceutical Sciences, MS – [Yoder & Goodstein]
College of Business Bylaws PhD- [Vyhnane & Yoder]
Educational Psychology – [Clark & Chandra]
Environmental Science MS – [Heo & Yoder]
Environmental and Natural Resource Sciences – [Heo & Yoder]
Discussion Items
None

Withdrawn
Programs: Entomology – [Johnson & Sawyer] - [WITHDRAWN]
- Reduce graded 500-level course credit requirements from 34 to 15
